

RESONATE CHURCH

TRUTH

Truth one powerful and unifying has now become a fickle subjective feeling. Our culture tells us that we make up our own truth spreading the individuals feelings as objective truth causing division and offense with every word we may say to one another. Yet, as the Church we do believe in an objective truth that comes from our Most High and Holy God. His word endures forever and ever and nothing can come against him or what he says.

SCRIPTURE VERSES
